

## FOR SKID STEERS, LOADERS & TRACTORS

### KEY FEATURES

- Made from high-quality NICRODUR plates
- Fixed framework
- Robust construction
- Made of high-quality materials
- Anti-corrosion protection of high quality
- All movable parts can be lubricated
- No more bent grapple buckets!

SCORPION 1800F

Swing Brake

Optional: Solenoid

Hydraulic Rotator  
GR 465: Weight: 28.5kg  
Capacity: 45kN

Model			SCORPION 1800BC	SCORPION 1300F	SCORPION 1800F
Max. opening	A	mm	1800	1300	1800
Min. diameter	B	mm	70	70	70
Gripping power of cylinder		kN	95	85	95
		bar	180	180	180
Angle rotation L/R		°	360	360	360
Recommended tractor power		kW	40 - 90	40 - 90	40 - 90
Hydraulic rotator			●	●	●
Switching valve			●	●	●
Swing brake			●	●	●
Weight		kg	357	257	357
Connection category			CAT I, II, & SKID STEER	EURO ONLY	CAT I, II EURO NORM

● Standard | \* The electrical supply cable and the hydraulic pipes that connect the valve to the tractor are not part of the equipment.
